

12MM WOODEN AND COMPOSITE DOOR VIEWERS (35-55MM)

Featuring a number of impressive designs and numerous finishes the Secured by Design Door Viewers range at UAP Ltd will look fantastic on any composite or timber doors!

Each syphole has gone through rigerous testing, and have each been tested to DHF TS002:2009 which covers Corrosion Resistance, Security (Angle of Vision), Visual Clarity, Resistance to Misting Up, Ability to Clear After Misting, Length Adjustment Range and Marking. The door viewers have also been awarded 'Secured by Design' by the Association of Chief Police Officers.

With a variety of Secured by Design door viewers homeowners will be able to select the viewer most suitable for their needs and overall home interior and exterior. Whatever their overall door hardware finish is there is a spyhole suitable to match it. In addition in our Door Viewers range we also offer several fantastic door knockers which have a hole specifically designed to fit a door viewer.

Recently Secured by Design have updated the specification for door viewers, and in order to reach SBD specifications a door viewer must have a viewing angle of at least 120 degrees from the end of the viewer (i.e. 60 degrees at both sides):

Features Include:

Awarded 'Secured by Design' approval by the Association of Police Officers

Made with a solid brass body

Comprises of 3 plastic lenses (glass lenses for stainless steel products)

Ensured to give crystal clear performance for years of safe, secure use

Comes in a range of colours to suite door furniture

Additional extensions available if you need to make your viewer even longer

Up to a 5 year inland coating guarantee on standard finishes,
and LIFETIME guarantee on stainless steel finishes
