

FIRE RESISTANT DOOR VIEWERS 14mm (35-55mm)

Featuring a number of impressive designs and numerous finishes the Secured by Design Firecheck Door Viewers range at UAP Ltd will look fantastic on any Composite or Wooden door!

Fire Resistant Door viewers (sypholes) are a great security accessory for your customers, as no door should be opened without first checking who is on the other side. Door security is essential to ensuring a home is safe and once quality locks have been fitted it's key to have fire resistant door viewers.

Many homeowners overlook the importance of really seeing who is on the other side of the door and essentially this can actually be the best way to prevent unwanted guests, break-ins, and scams.

Providing your customers with this important information will help them learn to better protect their homes and keep intruders out.

Each syphole has gone through rigorous testing, and have each been tested to DHF TS002:2009 which covers Corrosion Resistance, Security (Angle of Vision), Visual Clarity, Resistance to Misting Up, Ability to Clear After Misting, Length Adjustment Range and Marking.

Features Include:

- Made with a solid brass body
- Comprises of 3 pyrex glass lenses
- Ensured to give crystal clear performance for years of safe, secure use
- Comes in a range of colours to suite door furniture
- 30min and 1 hour fire rated
- Up to a 5 year inland coating guarantee on standard finishes
