

PLASTIC ULTRA WIDE ANGLE SECURE TO VIEW DOOR VIEWERS

Featuring a number of impressive designs and numerous finishes the Secure to View Door Viewers range at UAP Ltd have been designed to provide a clear view for people with sight difficulties, the elderly and wheelchair users!

The wheelchair friendly Secure to View door viewers have an ultra wide angle lens, which provides a wider viewing angle than any door view on the market, meaning that the user can even see anyone who may be crouching or hiding under the door. This is also effective from a distance of 2 metres:

Features Include:

Designed for people with sight difficulties, the elderly and wheelchair users

Ultra wide angle lens – see people who are even hiding or crouching under the door

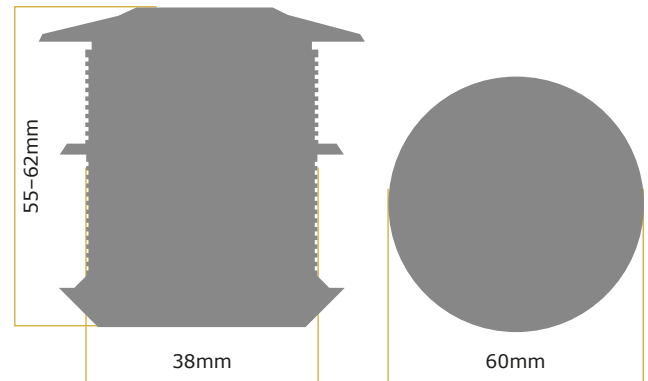

Can see who is at the door from up to 2 metres away – ideal if you are in a wheelchair

Ensured to give crystal clear performance for years of safe, secure use

Suited for door thicknesses between 55-62mm

Has a 38mm barrel

Up to a 5 year inland coating guarantee on standard finishes
