

SECURITY MAIL BAGS

UAP security mail bags are designed specifically to work with all UAP 12 inch letterplates, and it is universal to fit 20-40mm and 40-80mm letterboxes. The mail bags features a lightweight and slim design which will not in any way interfere with the overall look for the door and at the same time improve door security. The UAP mail bags can be fitted onto uPVC, composite and wooden doors and are available in white, black, and brown.

The mail bags are developed to ensure easier retrieval of post, improve home security by preventing manipulation of the door lock through the post opening, and further draft proofing the home. Though not an absolute necessity they are certainly that extra step towards comfort, security, and overall better post protection.

Ultimate protection against rogue traders and bogus callers

Enables homeowners to check a visitors ID without physically opening the door

Acts as a visual deterrent to would-be criminals

Available in different sizes and finishes to suite your door

Sliding latch stops drafts and prevents unwanted post being pushed through the slot
