

IDENTITY CARD ENTRY SLOTS

The PVD Gold and Mirror Polished Identity Card Entry Slots are made from 304 grade stainless steel, and is part of the UAP Nanocoast range. The Identity Card Entry Slots have been salt spray tested to ASTM B117 for 2,000 hours, and comes with an industry first LIFETIME coating guarantee, as the products will not pit, rust or corrode no matter what environments you put them in!

The Zinc based Identity Card Entry Slots (black, white, polished gold and polished chrome) are salt spray tested to ASTM B117 for 480 hours, and come with a 5 year inland guarantee.

Enables homeowners to check a visitors ID without physically opening the door

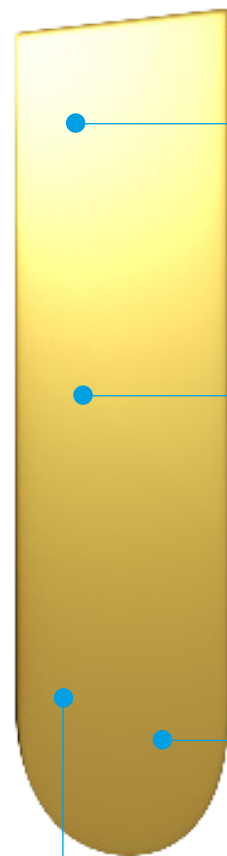

Acts as a visual deterrent to would-be criminals

Sliding latch stops drafts and prevents unwanted post being pushed through the slot

Available in different sizes and to suite your door

Ultimate protection against rogue traders and bogus callers

Available as part of the UAP Nanocoast range

IDENTITY CARD ENTRY SLOTS

The Identity Card Entry Slots allows the occupier to receive the ID Card easily without the awkward fumbling that occurs when trying to receive it through the letterbox. It also enables the occupier to thoroughly check the ID without the pressure of the caller standing in the doorway.
