

COLOURED[®] DOORMASTER

12" LETTERPLATES

For 40–80mm Door Profiles

The all New COLOURED DOORMASTER[®] letterplate range is ideal for customers wanting a more modern and contemporary looking letterplate. The COLOURED DOORMASTER[®] range consists of an enclosed, rounded flap set against a shallower frame, giving a less intrusive but sleek feel to the door or frame.

COLOURED DOORMASTER[®] still retains the best elements of the ever popular Framemaster[®] range including brushes to the outside, 180 degree flap opening and available in 300mm (12") sizes. It also conforms to the requirements of EN13724.

ANTI SNAP FLAP

ANTI VANDAL

ANTI SCRATCH

ANTI BURGLAR

COLOURED[®] DOORMASTER

Features Include:

Has a central sleeve meaning that it can fit in waste (mid) rails

Enclosed, round flap set against a shallower frame – gives a less intrusive but sleek feel to the door or frame

Modern and contemporary looking

Matt finished coloured frame to colour match with the flap and also conceal any scratches that may be caused by screwdrivers during installation

40-80mm sleeve thickness suitable for wooden and composite doors

Outward facing brushes create the Anti-Vandal feature as it prevents vandals from placing unwanted items into the cavity. Outward facing brushes also mean better draught proofing and makes it easier to post letters through

180 degree opening flap means the flap will not snap off when opened too far

Blind bolts to the exterior of the letterplate prevents the outer frame being unscrewed from the door externally

An internal water seal prevents water getting into the door or panel, and stops letters getting wet

Ultra-flexible springs can withstand the letterbox flap opening thousands of times without breaking

Conforms to many standards and testing requirements including BS EN13724
