THE SOTERIAN SLIM

WHAT IS TS008?

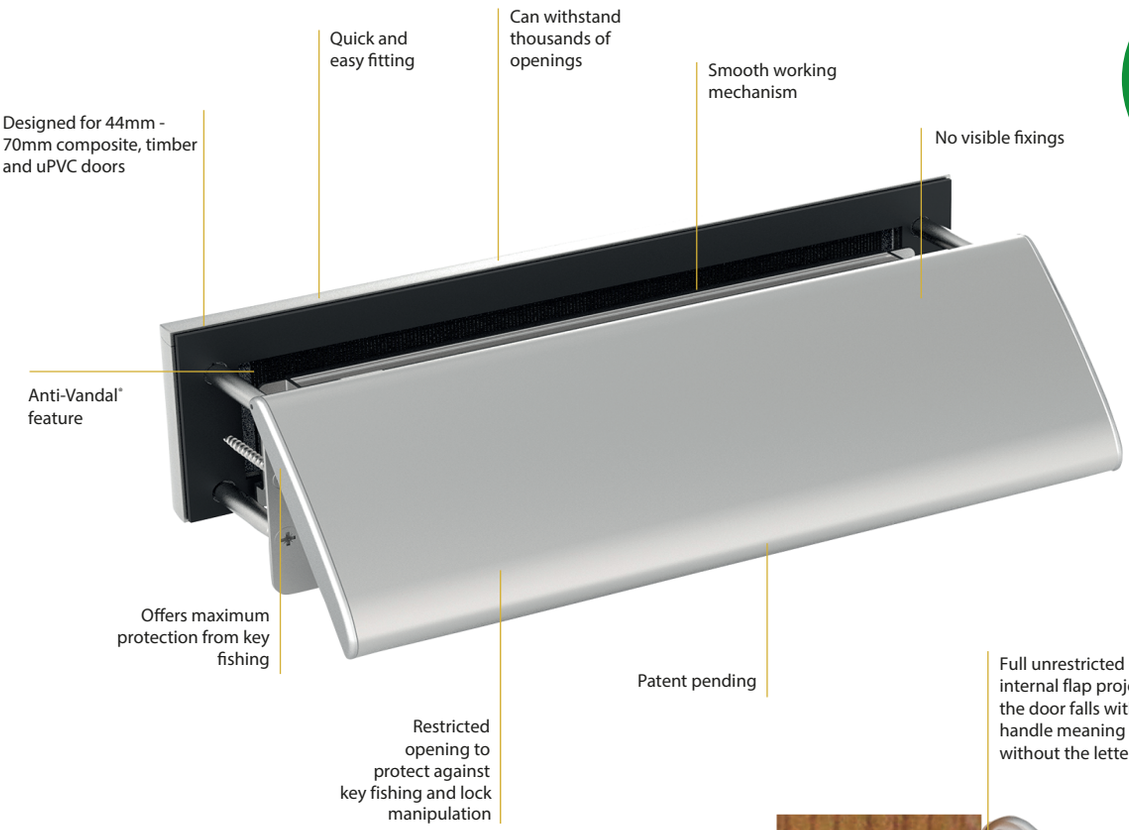
The Door & Hardware Federation (DHF) TS008: 2015 sets the advanced security requirements of letterplates. The updated door standard PAS 24:2016, now requires that a door fitted with a letterplate has to have a letterplate that is tested to and meets the requirements of TS008: 2015. As well as covering key fishing, TS008 also covers preventing being able to unlock the door through the letterplate, whilst also allowing postal items to pass freely through it.

Most compact TS008 letterplate on the market

THE SOTERIAN SLIM TS008 LETTERPLATE

Named after the Goddess of Safety, the Soterian Slim letterplate is stylish, streamlined and secure. It is the ultimate TS008 certified letterplate, made to protect and perfect your door. Its extreme compactness is what sets it apart from anything else currently on the market.

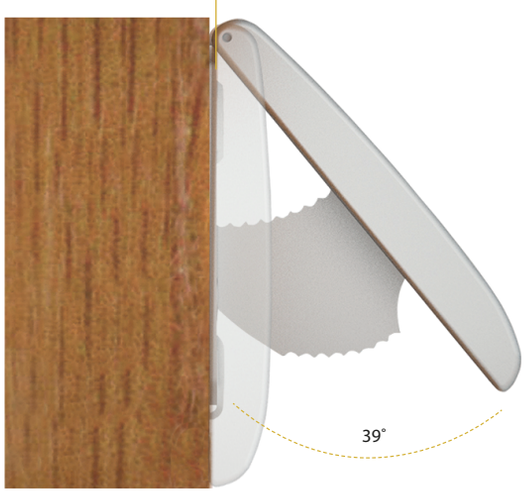
It has many features including:



Secured by Design – SBD – Police Preferred Specification

Standards Tested to BSI Kitemarked – KM 70828

Full unrestricted door opening – minimal internal flap projection of only 14mm from the door falls within the end of the door handle meaning the door will open FULLY without the letterplate stopping it doing so



TS008 Certified Letterplate – TS008

PAS 24:2016 Doors BSI Certified to Work on PAS 24 – PAS 24
