

The new market demand for PPE across the world is huge, and sadly there are a lot of rogue companies selling poor quality products, and using fake certification. UAP supply chain have been visiting manufacturers across Asia for the past 5 weeks, inspecting the factories and checking documentation to make sure everything we import is fit for it's purpose – which is to keep you, your customers and your staff safe.

Buying from UAP Group is your guarantee that we have done the background checks to make sure the products will keep you and all users safe.
