

## SPLIT SPINDLE PAD FRONT DOOR HANDLE

Designed for comfort and ease of operation, the UAP Split Pad front door handle has a 243mm long backplate, offering a high quality designed front door handle. Each front door handle has a pad shaped external handle. Handles are non-handed and can be used as either a left or right hand, allowing it to fit a range of profiles.

The Pad front door handle is available in two finishes White and Black. The handles are made from Aluminium, and comes with a 5 year colour fast guarantee.

Standard Pad door handles that operate from one spindle will open from the outside without the key unless deadlocked from the inside. The UAP Split Spindle Lever Pad door handles can be operate from two spindles independently from each side of the door using two offset spindles. When the door is closed the pad will not open the door without the key.

The UAP Split Spindle Pad Handle can be used on the uPVC door. It can also be used on timber and composite doors if the lock has dual spindle like our Crimebeater lock. Combine with the Kinetica 3\* Kitemarked euro cylinder with the door handles in order to give you the best security to achieve a 3 star Kitemark status for PAS24 doors.
