KINETICA+ K4

With the multi-award winning, multi-patented safety features of the Fullex Kinetica+ K4. Thanks to its advanced technology and unrivalled built-in performance at every turn, it takes security, safety, hygiene and easy-fit functionality to a whole new level. At the heart of the cylinder's advanced defence capability lies an ingenious cam system that delivers a new kind of security. 3 Bio keys have antibacterial and antiviral properties. Bio keys have been tested to ISO 22196:2011 and shown to reduce Staphylococcus aureus and Escherichia coli and to ISO 21702:2019 and shown to reduce SARS-CoV-2.

Available with Vertical and Horizontal Keyway

ZEROLIFT ADVANCE

UAP have developed a large range of 1* Kitemarked euro cylinders which conform to EN1303:2015 standards. The cylinder has been re-engineered from our original Zerolift cylinder, and not only does it combine all the original Zerolift features, but the Zerolift Advance cylinders are also packed with even more functions.

ANTI PICK ANTI DRILL SACRIFICIAL CUT ANTI BUMP

ZEROLIFT ADVANCE

Each and every cylinder is an extremely high quality 6 pin cylinder, with added security features. All cylinders come complete with anti-pick mushrooms, anti-drill pins and use our brand new patented anti-bump timing pin system. The cylinders are also designed to operate as smoothly and effectively as possible.

PATIO DOOR HANDLES

The Nanocoast Patio Door Handle has been made with ease of fitting, smooth operation and high quality in mind. It is aimed at the fabricator who wants to offer a high quality designed patio door handle.

Contemporary in appearance, the Patio Door Handle has a 219mm backplate and offers plenty of space to grip the handle for a more comfortable opening operation. We have made fitting the patio door handle simple with our patented screw alignment feature. This allows you to easily line the holes in the handle up with the holes in the door, and the feature will hold the screws in place while

you're drilling. The handle also comes ready fitted to the backplate, but if you need to adjust the direction of the handle it can easily be removed and re-fitted.

The Nanocoast Patio Door Handles are made with 316 grade stainless steel; the highest grade of stainless on the market, offering the best protection against rust and corrosion. As it is part of the Nanocoast range the handle also comes with a lifetime coating guarantee!

Salt spray tested to ASTM B117 for 2,000 hours

Smooth operating thumbturn to easily release the latch

Easy to remove the handle from the backplate to adjust opening direction

Left or right hand available

Made with 316 grade stainless steel

Tube handle for a comfortable grip

Clean and contemporary design

Compatible with UAP 1 star and 3 star cylinders

Includes the UAP patent applied for screw alignment feature for easy fitting
