

SPLIT SPINDLE FRONT DOOR HANDLE

Designed for comfort and ease of operation, the UAP Split Spindle front door handle has a 243mm long backplate, offering a high quality designed front door handle. Handles are non-handed and can be used as either a left or right hand, allowing it to fit a range of profiles.

The Nanocoast® DUO door handle is aimed at the fabricator who wants to offer a high quality designed door handle. The DUO door handle has a tube shaped handle, which gives a very comfortable grip when operating.

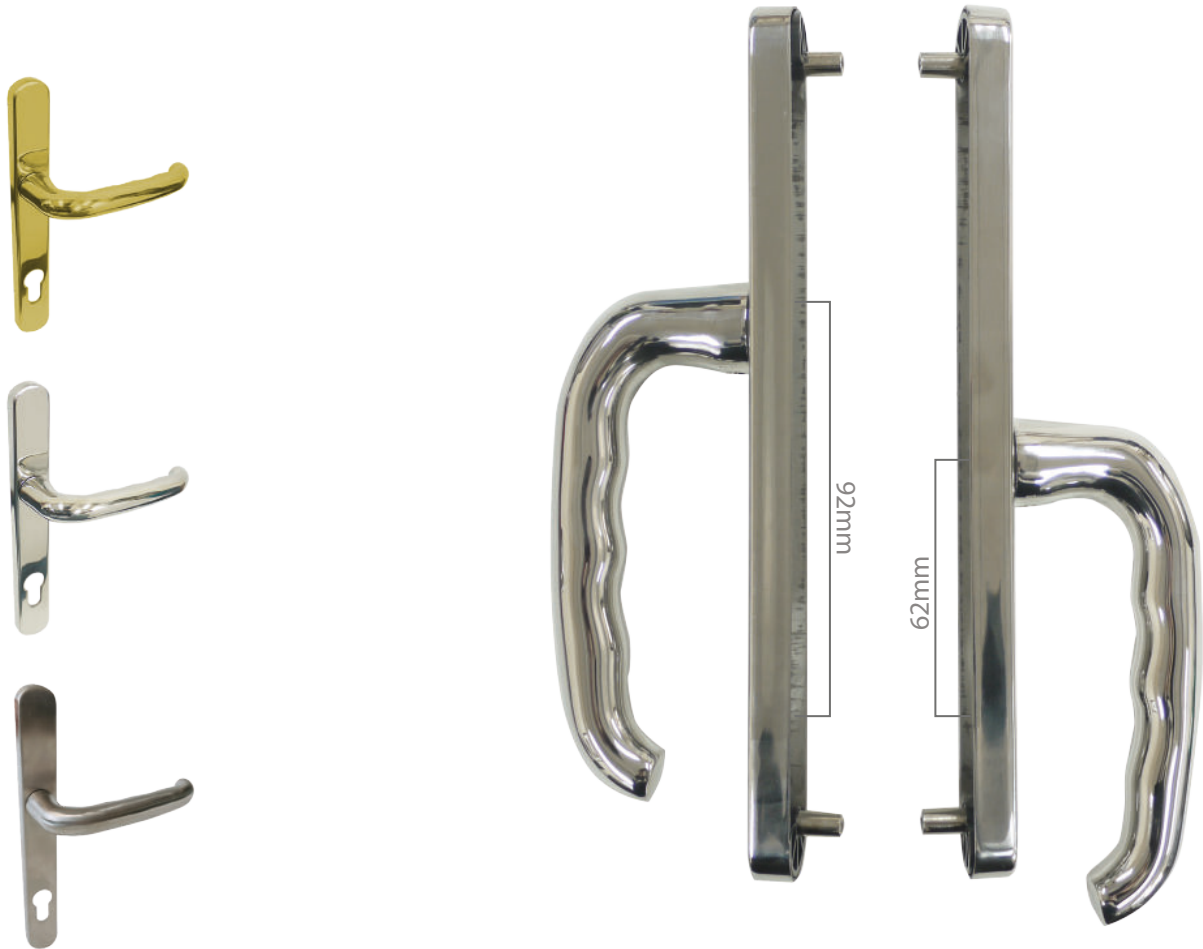

As the DUO handle suits all needs - working as an attractive high quality lever handle whilst being DDA compliant - it allows fabricators to carry just one handle in stock to satisfy a number of different applications.

The UAP Split Spindle Handle can be used on the uPVC door. It can also be used on timber and composite doors if the lock has dual spindle like our Crimebeater lock. Combine with the Kinetica 3* Kitemarked euro cylinder with the door handles in order to give you the best security to achieve a 3 star Kitemark status for PAS24 doors.

Features Include:
