

243MM LONG BACKPLATE UAP DUO FRONT DOOR HANDLE

The DUO door handle has a 243mm long backplate, and is aimed at the fabricator who wants to offer a high quality designed door handle. The DUO door handle has a tube shaped handle, which gives a very comfortable grip when operating.

As the DUO handle suits all needs - working as an attractive high quality lever handle whilst being DDA/EA compliant – it allows fabricators to carry just one handle in stock to satisfy a number of different applications.

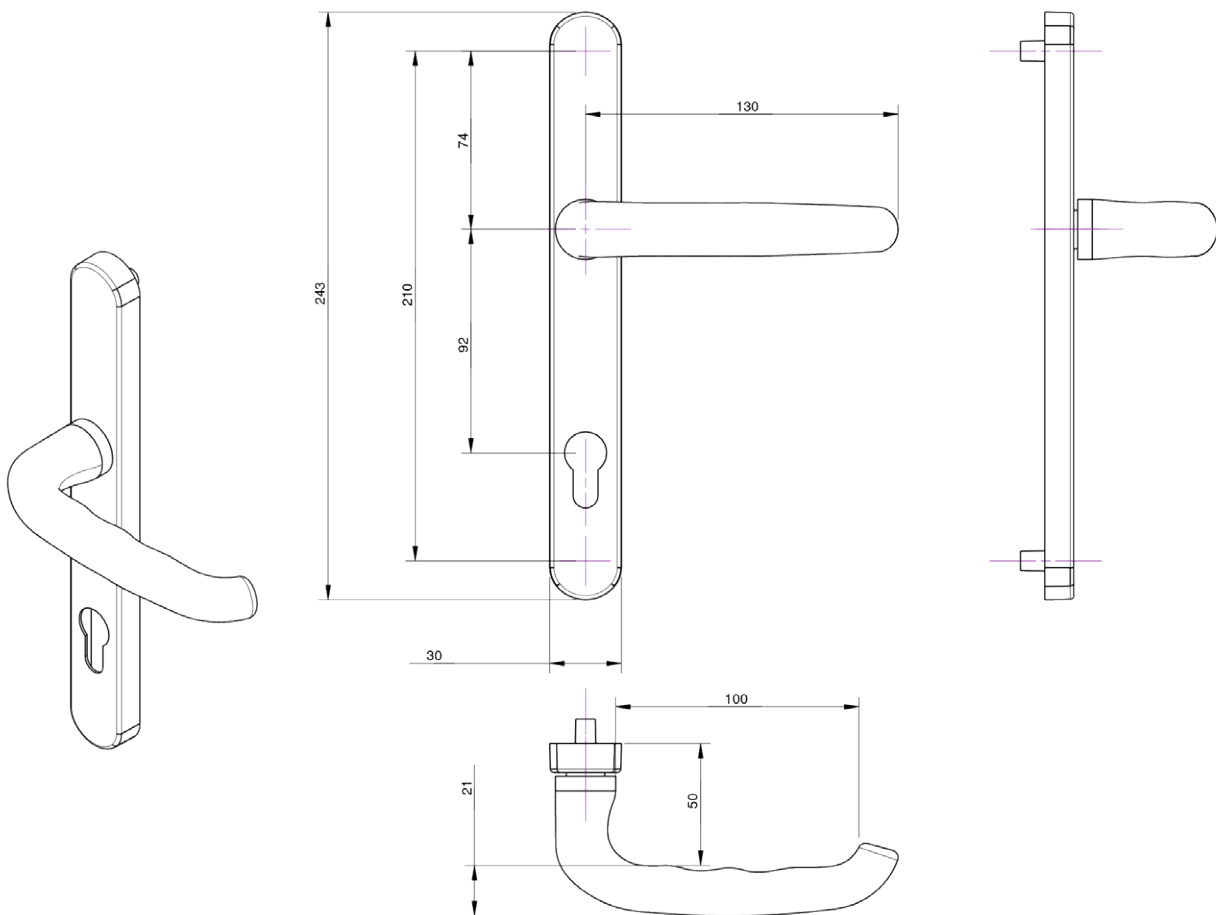

The DUO door handle has a lever that is curved to the door, making it compliant to DDA (Disability Discrimination Act) regulations, making it ideal for applications where aesthetics and compliance are key. As the DUO handle is not BSI Kitemarked, we recommend fitting the Kinetica 3* Kitemarked Euro Cylinder with it in order to achieve a 3* Kitemark status for PAS 24 doors.

Features Include:

- High quality designed handle
- Has a 243mm long backplate
- Tube handle gives a very comfortable grip when operating
- Handles are made from aluminium
- Handle also applies with DDA regulations
- Each handle comes with a 5 years coating guarantee!
- Fixed cassette design
- No grub screws on the lever

IMPROVED DESIGN
